The Outer Limits

"There is nothing wrong with your mind. Do not attempt to adjust your thinking. The world is controlling your life.

If the world wishes to make it more evil, we will ramp up the chaos.
If we wish to make it easier, we will turn the chaos into pleasure.

We will control your trust. We will control your faith.

We can obscure your thoughts, make them confused. We can change your outlook to a soft blur or sharpen it to glazed obscurity.

For within this life, sit quietly, and we will control all that you see, hear, feel, and do.

We repeat: There is nothing wrong with your mind. You are participating in a great adventure. You are about to experience the awe and mystery which reaches from the mind to……..
The Outer Limits."

The Inner Limits

"There is nothing wrong with your spirit. Do not attempt to adjust your thinking. The spiritual self is controlling your life.

If the world wishes to make it more evil, your spirit will reside in peace.
When the spirit wishes to make it easier, the spirit will turn it into understanding.

Your spirit controls your trust. Your spirit controls your faith.

The world can obscure your thoughts, make them confused. The spirit can change your outlook to a soft calm or sharpen it to perfect clarity.

For within this life, sit quietly, and your spirit will control all that you see, hear, feel, and do.

We repeat: There is nothing wrong with your spiritual self. You are participating in a great adventure. You are about to experience the awe and mystery which reaches from the inner mind to……..
The Inner Limits."
